I observe that the Madras Christian Coll Calendar for 1898-9 is in existence already, and that it sells at Rs 1/— We could put a price on ours depending on size, and the Principal would not. Any money in our sales should be a small Fund and we have over 100 graduates in all and I should expect most of them would purchase; but can not guarantee that I should think 25-0 would be a fair number to print the first year

My dear Subramanyam

I wrote to Mr Ranga last night and to about the matter of College Calendars you may see a last night's Madras mail under the Dir P Justin's review of the Law College Report for the year a reference to the Law College Calendar by the Press, and an expression of hope that it may be ready early in next term

This appears like a rash

Copy of D O letter from Dr Duncan to the Princi
Central College, Bangalore, re College Calendars

There is no Government Order on the matter of College Calendars

The Colleges that have Calendars are the Presidency College, Teachers' College, College of Engineering edical College, Law College (nearly ready), College of Agriculture (not kept to date) With this last exception they are published annually The Kumbakoram & Rajahmundr Colleges have not brought out a Calendar yet

The Colleges having Calendars have brought them out at the request of the Director of Public Instruction but there has been any general Proceedings or Order issued from this Office

All such printing is done at the Government Press, printing at private presses being prohibited urless the Superintendent, Government Press certifies that he canno undertake the work.

The Calendars should be ready for Official Use by July — June, as most of the Colleges find this best
The Residency College Calendar is printed at the Lawrence Asylum Press, and is better than that done at the Govt. Press. If the Govt of Bo for the other two Offices cannot comply the entire in this compilation so that there might be one Calendar for all the 3 Offices in Bombay - If this cannot be done we mean if the Govt of the Bombay Presidency might consult the desirability of publishing their own Calendar after the Central Office Calendar is out

My dear Mr Srinivasacharya

After a talk I had a short time ago with Mr Thompson chiefly on the subject of our College Calendar, I understood that I was at liberty to find out what Messrs Higginbotham, who are the University publishers, would take to do it. So I communicated with them, and on receipt of their estimate a day or two ago I made up my own mind pretty well on the subject. Their estimate is so reasonable, and

P.S. Perhaps you have not yet seen the 3rd letter which I sent on this subject yesterday as it seems to have crossed yours of 30. I sent over Mrs copy of the letter for you to see and to make all clear

theirs printing so good that I should much like if our first edition of the College Calendars were done by them. The Imperial Press printing cannot compare with theirs for a moment, and theirs would be a model for the future editions which might be done at the Govt. Press. Last Yesterday I informed them here unofficially that I should get it done by them as I considered their Estimate reasonable. I am quite willing to have it done at my own expense and trust to recovering my money by sales; but I think this would be a hard precedent as I might be accused of making a profitable job of this and such Calendars are always done at the expense of the Institution, and if the proceeds credited to the G.O. could be treated as I have suggested in red ink, I should be glad, and I think it meets the general rule about printing all Govt matter at its own press, & the last clause I would have that none had our Calendars out before the end of this century!

GOVERNMENT OF MYSORE

My dear Sir

I do not like Mr Cook writing in this way - to the GO No 4458 16 Ed 156 has already opened Chris officially & we may write & tell him that that portion of the relating to printing will be re considered after the Sept Sal Resp is complied as to the proposals contained in his (Mr Cooke) letter No 176 read subsequent to the issue of GO quoted above I do

allow Mr Cook in an official communication to say that a private Resp can do the Calendar work much better than the Sal Resp - You may give him a gentle hint about this and ask him to omit or alter that sentence if he wishes to do so before the letter is issued to the public officially

not- think we need
alter or modify any
portion of the LO as
supplied at present. After
we get Mr Lewis' opinion
as to Mr Upjohn's charter
compared with those of
Sask Corp, we may pass
such orders as may be
deemed proper

There is a standing order
that when work is, under
special order given out to
a Private Corp the latter
will so arrange as to
allow of such visits
as may be found
the latter not exercise
the charter of Sask - For
both Mr Cook is not aware
of this order - If Parliament
says that he has not
got the type of the kind
required and that Mr the
charter do not grant
that of the Sask Corp we
may comply with Mr Cooks
special request

1901

My dear Mr Srinivasa Aiengar

You may recollect that Govt. sanctioned my getting the College Calendar for 1900 printed by Higgin botham & Co as they are the Univ. printers and the Govt Press was unequal to the task. We got 400 printed and have sold only about 200, as we had printed myself to no trouble to myself to sale on the Slides when I left for Europe

at the end of June last year
The Govt. sanctioned it's
being done annually at
the Govt. Press & I
sent them some time ago
a copy of the Calendar
base of which could do
a page or two at all
risks. They have not
got the proper type and
sent me a miserable
proof. The question now
is whether I shall get
it done at the Press and
let them make a loss of
it, or whether, in order
to keep up its respectable
appearance, the Govt.
will sanction a small
outlay and allow me
to get it done by Higginbotham again. This time
I should not print more
than 200 or 250 copies
Higginbotham did the
whole thing for me in one
month, and I am sure
the Press will take three
months.
It might have been
out before this, only Mr.
Lait's absence has given
me extra work - not to
speak of the Hostil!
I trust you interest in
the College is such that
you will approve of my
keeping up the neat
appearance of the Calendar
as it is a permanent
thing. They get all

I was again bad with fever for a couple of days, and hence the delay in replying to your D O of the 26 :

What are Higginbothom's charges for printing and binding 200 or 250 copies of [illegible] for 1901 ? Would it do if an order were passed placing an advance of such cost at your disposal subject to adjustment from the sale proceeds of the book in say 3 or 6 months ? I find no head in the Budget of the Education Department from which the cost could be met, and it seems objectionable to order the cost being debited to the indefinite head 'General Savings' If my suggestion above will do, kindly send a short official letter to the Secretary saying that you are anxious to have the Calendar out as quickly as possible and as nearly as in last year, and requesting that to meet the cost thereof an advance of Rs ___ be placed at your disposal subject to adjustment as above You may add a para about last year's sales and the manner of the dis-

Sir

In continuation of my letter No 851 dated 26th July 1899 and with reference to the D O of the 3rd instant I have the honor to inform the Government that

(1) all First Grade Colleges in the Madras Presidency are now required to publish annually a College Calendar

(2) it would as a matter of course be published annually and I should have asked the Government for sanction to publish such a calendar many years ago but for the great trouble connected with the bringing out for the first year and the want of some person on the staff capable of materially assisting me in the work of preparation Indeed I had begun to collect materials for such a calendar just before the death of Mr R H Piggott in 1889 who manifested great interest in it

(3) the proposed calendar would contain a short

historical introduction, time-table and curriculum of the College classes, staff, list of all graduates that have passed from the College with their present occupations as far as can be traced; and generally a compendium for ready reference of all matters of permanent interest connected with the College

I send, for the members of the Government to see, a copy of the Christian College Calendar for 1891-2 and request that the same may be kindly returned as soon as possible

Mysore,
20 September 1899

Dear Sir,

I regret that for various reasons your DO letter of 28th July has remained unanswered till now. I have consulted Mr Weir more than once about the desirability of publishing a calendar for each college similar to that of the Madras Christian College, and he agrees with me in thinking that such a publication is not desirable in the form in which the Christian College Calendar is published. I do not think Mysore students will buy a costly calendar simply from a patriotic love of their college. And in the second place much or all of the information regarding University Examinations which is contained in the University calendars

need not be republished in the College
calendars. For none of the Colleges in
Mysore such an elaborate history can
be written as the one for the Madras
Christian College. The description of each
college such as is given in the University
calendar seems sufficient for all
practical purposes. If the past history
of the Colleges is referred to care has to
be taken to see that no injustice is
done to the former Heads and Staffs
of the Colleges who have contributed
the most important share perhaps to
bring about the present prosperity of
the Colleges. If anything in the shape
of a calendar or compendium of rules is
necessary, I would recommend the publica-
tion of "A compendium of rules for the
guidance of University students in Mysore

This suggestion is worthy of consideration. With the completion of the new

14

This compendium should give (1) a short description of each college such as appears in the University Calendar, (2) rules regarding terms, fees, admission and withdrawal, college examinations, scholarships, college societies, students' homes and college libraries, (3) rules regarding discipline whether made by the University or the colleges, together with (4) a few introductory rules regarding the courses of study in the three colleges. Such a publication would not be annual, and a large edition may be printed and copies sold at a low price from 2/as to 4/as per copy to the students. A list of graduates with their present occupations may be added as an appendix, the list being brought up to date at the time of publishing each new edition.

Sir,

With reference to my letters No 851 dated 26th June 1899 and No 15 dated 6th July 1899, I have the honor to submit that I have obtained an estimate from Messrs Higginbotham & Co , of their charges for a College Calendar It is as follows -

The cost of printing and supplying 400 copies of a Calendar 100 pages demy octavo, superior paper with good tinted paper wrappers will be Rs 175/-

Binding in full holland eight annas per copy

I would now propose that Government sanction may be given to my having the proposed Calendar printed by Messrs Higginbotham & Co , who are the Printers to the University (and who will do it much better than the Government Press) I would propose 300 copies in paper wrappers and 100 copies in holland, the total charge in the first instance would be about Rs 220/- and I would propose that the paper copies be sold at eight annas and the holland copies at one rupee to students and graduates This should bring in about Rs 250/-

I would therfore request that Government sanction a Special Grant for the paymant of Messrs Higginbotham & Co's bill in the first instance and that I should remit to the Treasury what is realised for sales during the year, a statement of the sale proceeds being rendered to Government by the close of the Official Year

Proceedings of the Government of Mysore

Read again -

Letters Nos 851 and 15 dated 26th June and 6th July 1899 respectively from the Principal, Central College Bangalore, applying for sanction to publish annually a College Calendar similar to the Calendars of the first grade Colleges in the Madras Presidency, and subsequent demi official correspondence closing with a letter of the 20th September 1899 from the Inspector General of Education in Mysore on the same subject

---

Order thereon -No 4458-60 Ed 156 Dated Bangalore 30 September 1899

The Government are pleased to sanction the publication of an annual Calendar for the Central College, Bangalore, as proposed by the Principal, the first number being for the Official year ~~ended with June last~~ 1899-1900 It will be printed at the Government Central Press, and priced at such rate as may be considered reasonableand it is ~~hoped~~ that as in the case of the Calendar of the Madras Christian College) a large number will be purchased by both the present and former pupils of the Central College

2 Mr Cook will be requested to be so good as to state whether the required information if furnished by the Inspector General of Education for the other two Colleges in the State, viz , Mysore and Shimoga could not also be usefully embodied in the proposed compilation so that there might be one Calendar for all the 3 Colleges in the State Orders regarding the publication, if necessary, of separate Calendars for the Mysore and Shimoga Colleges, are deferred pending the receipt of the report called for above from Mr Cook

The finding which was based on the typed written copy (serial No. 19) whereon only the allusion to the X^n College was scored out I am sorry for this. At I am sorry for the delay as regards the publication of separate Calendars for the three Colleges. With reference to his d^o of the 20th Sept. '99 (serial 10) advocating a cheap publication printed from 2 1/4 dies which would not be an annual Each Principal may perhaps be left to exercise his own discretion in these matters of detail

Sir,

I have the honor to acknowledge receipt of Government Order No 4458-60 Ed 156 dated , Bangalore, 30th Sept 11th Nov 1899, - giving sanction to the publication of an annual Calendar for the Central College, Bangalore, to be printed at the Government Central Press

I presume that the word " last " ending the first sentence of the first para of the Government Order, is a slip for next, as College Calendars are always issued for the current Official Year

2 --It would not be advisable in my opinion that there should be one conjoint Calendar for all the three Colleges in the State, and I do not believe that such would be acceptable to the Principals of the other Colleges It would be better that each should publish its own Calendar This is the universal practice in British India and will be the more convenient one

Sir,

With reference to Government Order No 4458-60, Ed 156, dated 30 Sept 11 Nov 1899, I have the honor to inform that in consequence of Mr Raghunatha Rau, to whom I had entrusted assisting in the preparation of the College Calendar, having fallen ill a few months ago and been unable to render me any assistance, the preparation of the Calendar has fallen upon myself and the College Writer I have therefore been unable to send the work to the Government Press till last week

Special No 19 of 1st July 1900

Though I represented the matter as very urgent, I am informed by the Manager that he is unable to promise when it could be finished in consequence of other urgent matter such as Palace and Census work, to which preferance must be given, and further that they would be unable to forward proofs to me in England, should it not be finished when I leave this at the end of next month

In these circumstances I have had to entrust the work to Messrs Higginbotham & Co , University Printers and I am prepared to print it at my own cost trusting to recover my money from sales If any profit is made this will be placed to the credit of the College Library account

Trusting that this may meet with the approval of the Government,

I have the honor to be,

Sir,

As the Mysore Government Press does not have the type suitable for printing our College Calendar anything like so neatly as the first edition was done by Messrs Higginbotham & C for 1900, I have the honor to request that Government may kindl sanction the Calendar for the year 1901 being done by Messrs Higginbotham & Co , and that a grant of Rs200/- may be placed a my disposal for the purpose of printing 250 copies of the Calen dar for 1901 This outlay will be subject to deduction during the current Official year of the amount realised by sales of Calendar

Last year I had 400 copies printed by Messrs Higginbotham & Co , half of which were bound in Holland and half in Stiff Paper covers at a total cost of Rs249-12-0 and the total amount realised todate is Rs110-0-0(as per statement enclosed), showin an outlay of Rs139-12-0, which may however be still reduced to some extent by sales from time to time

Messrs Higginbotham & Co printed the whole ~~Calendar~~ with in a month last year and I do not believe that the Government Press could do ~~not~~ under three months in any case they could not do it at all in the same neat style

I respectfully request that orders may be kindly passed as soon as possible in order that I may place the work in the hand of the Printers

I have the honor to be,
Sir,
Your most obedient servant,

Principal.
